WHAT IT IS: All any bride needs for her big day (besides the groom). Brides have plenty of things to stress about on their **wedding day**—**aching feet** shouldn't be one of them.

For a **worry- and wobble-free walk down the aisle**, no **bride** should be without the **Stiletto Stylist Kit for Brides** from **Foot Petals**. All six **sole solutions** are designed to stay **hidden** in even the **strappiest**, most **delicate** shoes for **maximum comfort** from the **aisle** to the **honeymoon**.

Housed in a sleek, slim box each **Stiletto Stylist Kit for Brides** contains:

- **1 pair of Tip Toes** - these flower-shaped cushions prevent calluses, protect bones and tissue and cushion the ball of the foot
- **1 pair of Heavenly Heelz** -these multi-functional cushions prevent blisters on the heels and help prevent slipping and sliding in your shoes
- **Strappy Strips** - these thin strips add comfort to your favorite strappy shoes and sling backs and prevent blisters and unsightly red marks on your feet and heels
- **1 pair of Killer Kushionz** - this full insole can be worn in open toe shoes and sandals to help **cushion the entire foot** so the impact of each step on your feet and back is lessened
- **2 Sole Stopperz** - these petal-shaped adhesives are for the outer soles of your shoes and help prevent slipping on wet or slick surfaces
- **Haute Heelz** – these slim fit heel cushions help absorb shock to heels, legs and the lower back as they prevent heel calluses and reduce friction
