THINK: **Strut comfortably this spring.**

WHAT IT IS: Everything you need to **protect your feet and your fabulous new Spring shoes.** One of the best things about spring is buying a sexy new pair of kicks. And one of the worst things about spring is breaking those new shoes in. Fortunately, **Foot Petals** has the **Strut n' Style Kit** – just the tricks you need to **make every new pair of shoes – from sandals to stilettos – comfortably chic.**

Available in both **Black Iris** and **Buttercup**, each **Strut n' Style Kit** comes with everything you need to prance around town all day including:

- **1 Tip Toes** – Perfect if you get stuck in an April shower or for slippery new shoes, these flower-shaped **cushions for the balls of your feet** stop feet from sliding forward.
- **1 Heavenly Heelz** – The ideal way to prevent painful blisters, these long **cushions for the backs of your heels** keep heels from slipping in and out of shoes.
- **1 Strappy Strips** – Keep straps from slipping with these **thin strips that add comfort to any straps.**
- **1 Killer Kushionz** – Prevent painful impact with these **full insoles that provide complete support** and can even be worn with open-toe shoes.
- **2 Sole Stopperz** – Save your soles with these flower-shaped **adhesives that stick to the bottom of your shoes to protect them from wear and tear** and prevent you from slipping.
- **1 Petal Plusheez** – Treat your feet at the end of a long day with these **plush spa socks that soothe and comfort tired feet and toes.** These luxurious socks feature slip-free treads to secure each step.
